PENSION DEPARTMENT

21st June,2021

Extension of Life certificate submission up to 30th June,2021

Based on representations received from few pensioners and family pensioners, it has been decided to extend the cut-off for submission of Life certificate up to 30th June,2021. Since lockdown has been relaxed in most parts of the country, pensioners and family pensioners who are yet to submit their life certificate are requested to do the same on priority by visiting any nearest United India Office. There shall be no further extension for submission of life certificate for the year 2021.

Kindly follow Covid-19 protocols taking safety precautions like social distancing, wearing masks, frequent sanitization etc at the time of Life certificate submission. Other details mentioned in our Life certificate circular dated 8th December,2020 remain unaltered. Upon submission of life certificate during the timeline mentioned above, pension arrears as well as regular pension will be processed and released thereafter.

Chief Manager
