Soon after the award of contract, the Contractor shall submit to the Architect for his approval a programme to match with the planned completion of the work which he proposes to carry out, and shall whenever required by the Architect or Architect's representative, furnish further detailed programme and particulars in writing of the Contractor's arrangements for carrying out the works and temporary works which the Contractor intends. Failure to supply such programme shall not relieve the Contractor of any of his duties or responsibilities under the contract.

CONTRACTOR'S EMPLOYEES :

The Contractor shall provide and employ qualified and experienced personnel at site in connection with the execution and maintenance works.

a. Only such technical assistants as are skilled and experienced in their respective callings and such sub-agents, foremen and leading hands as are competent in proper supervision shall be assigned to the work they are required to carry out or supervise and,

b. Such skilled, semi-skilled and unskilled labour as are necessary for the proper and timely execution, completion, and maintenance of the works shall be employed by the Contractor.

REMOVAL OF WORKMEN :

The Architect / Employer shall be liberty to require the Contractor to remove forthwith from the works any person employed by the Contractor in or about the execution or maintenance of the works who in the opinion if the Architect/Employer commits misconduct or is incompetent or negligent in the proper performance of his duties or whose employment is otherwise considered by the Architect/Employer to be undesirable and such person shall not be again employed upon the works by the Contractor without the written permission of the Architect/Employer. After the removal of any such employee, the Contractor shall without delay, arrange for a competent substitute duly approved by the Architect.

COMMUNICATIONS TO BE IN WRITING :

All references, communications, correspondence made by the Employer, the Architect, and their representative or the Contractor concerning the works shall be in writing and duly acknowledged and no reference, communication, or complaint which is not in writing, shall be recognised.

MATERIALS, TOOLS AND PLANT :

All materials required for the execution of the works other than those mentioned in the Notice Inviting Tender shall be supplied by the Contractor. Materials so supplied shall have the approval of the Architect before being used in the works and shall be removed from the site of work at the Contractor's own cost. The Contractor shall supply all tools, and equipment required for execution of the works.

SETTING OUT :

The Contractor shall be responsible for the true and proper setting out of the works and for the correctness of the position, levels, dimensions, and alignment of all parts of the works and for the provision of all necessary instruments, appliances, and labour in connection therewith. If at anytime during the progress of the works any error is noticed in the position, level, dimensions or alignment of any part of the works, the Contractor on being required so to do by the Architect or Architect's representative, shall at his own cost rectify such error to the satisfaction of the Architect or his representative. The checking of any setting or any line or level by the Architect or his representative shall not in any way relieve the Contractor of his responsibility for the correctness thereof. The Contractor shall provide all necessary instruments, appliances, and labour required by the Architect or his representative for checking of the settings.

DAMAGE TO PERSONS AND PROPERTY :

The Contractor shall indemnify and keep indemnified the Employer against all losses and claims for injuries or damages to any person or property whatsoever which may arise out of or in consequence of the execution and maintenance of works and against all claims, demands, proceedings, damages, costs, charges, and expenses of whatsoever nature in respect thereof in relation thereto.

CO-OPERATION WITH OTHER AGENCIES :

The Contractor shall co-operate with any other agencies or Contractors that may be employed or engaged by the Employer as far as it relates to the Contractor's work. The sequence of work shall be so arranged and co-ordinated that the work of other agencies can also progress simultaneously.

WORK IN SHIFTS AND OFF-DAYS:

The Contractor shall work in one or more shifts as also on Sundays and holidays to complete the work in time, if so required by the Architect. and for which the Employer shall not be liable to make any extra payment.

SITE ORDER BOOK :

A site order book must be maintained and always be available at site to record the instruction by the Architect/Employer or their representative. The Contractor must see that the instruction noted therein are properly carried out and make suitable entries therein.

DELAY IN OBTAINING MATERIAL SUPPLIED BY THE EMPLOYER:

If the Employer has undertaken to supply any material specified in the special conditions at rates and conditions cited therein, the Contractor shall keep himself in touch with day-to-day position regarding the supply of material with the Architect and shall adjust the progress of the work so that his labour may not remain idle nor thereby any other claim due to or arising from delay in obtaining the materials.

RECORD OF MATERIALS SUPPLIED BY THE EMPLOYER:

The Contractor shall maintain an account of different materials obtained from the Employer for executing the work under the contract. The Architect/Employer shall have the power to check the position of material at all times and verify stock as and when desired.

SAFE STORAGE OF MATERIAL:

The Contractor shall be responsible for the safe storage of any materials supplied by the Employer for execution of the works. Surplus materials lost or damaged or unaccounted for or made unserviceable by the Contractor shall be charged at twice the prevailing market price.

TRANSPORT OF MATERIAL:

Unless otherwise specified, all the materials supplied by the Employer shall be transported by the Contractor from the Employer's Store/yard, to the site of work at no extra cost.

SITE TO BE CLEAR:

The surplus or spoilt material and dismantled debris shall be removed to a place as directed by the Architect or stacked levelled and addressed as directed.

PRESERVATION OF PEACE:

The Contractor shall take requisite and adequate precautions to prevent any riotous or unlawful behaviour by or amongst his workmen and/or others employed on the works by him, for the preservation of peace and protection of the inhabitants and security of property in the neighbourhood of the works.

AGE LIMIT OF LABOUR:

The age limit for employment of labour shall be strictly in accordance with the existing labour laws and regulations in force.

RETURN OF LABOUR EMPLOYED:

The Contractor, if required by the Architect, shall submit returns in detail in such form and at such interval as the Architect may prescribe showing number of different classes of labour employed on the works from time to time by the Contractor.

OBSERVANCE BY SUB-CONTRACTORS:

The Contractor shall be responsible for the observance of the provisions of aforesaid clauses by the sub-Contractor(s) employed by him in the execution of the contract.

REMOVAL OF IMPROPER WORK AND MATERIALS :

The Architect or the Architect's representative shall during the progress of the works have power to order in writing from time to time

a) The removal from the site within such time or times as may be specified in the order, of any materials which in the opinion of the Architect or his representative are not in accordance with the contract.

b) The substitution of proper and suitable materials.

c) The removal and proper re-execution of work, notwithstanding a previous test thereof or interim payment thereto, or any work in respect of materials or workmanship which in the opinion of the Architect or his representative is not in accordance with the contract.

SUSPENSION OF WORK :

The Contractor shall, on the written order of the Architect or Employer suspend the progress of the works or any part thereof for such time or times and in such manner as the Architect/Employer may consider and secure the work, so far as in necessary in the opinion of the Architect.

TIME OF COMPLETION AND TAKING OVER POSSESSION OF SITE :

In so far as the Contractor may prescribe the extent or portion of the site to which the Contractor is to be given possession from time to time and the order in which such portion will be made available to him and subject to any requirements in the contract as to the order in which the work shall be executed, the Architect shall give to the Contractor possession of so much of the site as may be required to enable the Contractor to commence and proceed with the execution of the works in accordance with such reasonable proposals of the Contractor as he will make in writing to the Architect and shall from time to time as the work proceeds give Contractor possession of such further portions of the site as may be required to enable the Contractor to proceed with the completion of the works in accordance with the said programme or proposal.

TIME OF COMPLETION :

The whole of the works shall be completed within such extended time as has been allowed under the clause below.

EXTENSION OF TIME OR COMPLETION :

Should the amount of extra or additional work of any kind or changes in scope of work or other special circumstances of any kind whatsoever which may occur, be such as to justify the Contractor's request for extension of time for the completion of the works, the Architect after consultation with the Employer shall determine the amount of such extension and shall intimate the Contractor in writing provided that the Architect is not bound to take into account any extra or additional work or other special circumstances unless the Contractor has within 28 days, after such work has been commenced or such circumstances have arisen, submit to the Architect full and detailed particulars of any request for the extension of time which he may consider to be justified.

EXTENSION OF COMPLETION TIME DUE TO STRIKE, FIRE ETC :

If in the opinion of the Architect the progress of the work has at any time been delayed by strikes, fire, inclement weather, unavoidable casualties, etc., beyond the control of the Contractor, then the time of completion of the work may be extended for such reasonable time as the Architect may decide and this shall be indicated in writing.

WORK TREATED AS COMPLETE ;

The work shall not be treated as complete until :

i. The site is clear from all materials, obstructions, equipment, site shed etc, and the Architect is fully satisfied with the job done by the Contractor.

ii. The Contractor has submitted the reconciliation statement regarding the stores received from the Employer and all the surplus and salvaged materials are returned to the stores.

iii. All equipment, tools, plant taken from the Employer have been returned by the Contractor.

iv. Any other materials, taken on loan/transfer from other agency have been returned by the Contractor.

v. All power and water supply connection taken for the execution of the works have been disconnected by the Contractor.

vi. Rectification of any damage done by the Contractor in the work executed have been satisfactory redone by the Contractor.

TAKING OVER :

After completion of works or any substantial part of the works before the completion of the whole of the works, the Contractor shall notify the Architect in writing. The Architect shall within 15 days of receipt of the said notice give such certificate with respect to any substantial part of the works which has been both completed to the satisfaction of the Architect and occupied or used by the Employer or refuse to issue the same after stating the reasons thereof in writing. When any such certificate is issued in respect of a part of the works, such part shall be considered as completed for the purpose of taking over and computation of the period of maintenance of such part, shall commence from the date of completion for the purpose of other relevant clauses hereof.

MAINTENANCE :

The Contractor shall be responsible for the maintenance of the work for a period of twelve months commencing immediately after taking over of the work by Employer, (the Contractor's Liability parts) during which period he shall in the event of defects arising or coming to light due to faulty materials or workmanship or for any other reason, replace, rectify, or reconstruct the work carried out by him or those of his sub-Contractors to the satisfaction of the Architect/Employer.

If it is necessary for the Contractor to rectify/reconstruct any defective portions of the work under the contract, the provision of this contract shall apply to the portions of work so replaced or renewed until the expiration of three months from the date of such replacement or renewal or until the end of the above-mentioned period twelve months, whichever is later. If any defects are not remedied within a reasonable time, the Employer through the Architect may proceed to get the work done at Contractor's risk and expense, but without prejudice to any other rights which the Employer may have against the Contractor in respect of such defects.

The Contractor shall bear the cost of such repairs rectifications carried out on his behalf at site. Immediately upon expiry of the maintenance period the Architect shall issue a final certificate indicating that Contractor has completed the work and fulfilled his obligations under the contract.

TERMINATION OF CONTRACT:

If the Contractor has abandoned the contract or has failed to proceed with the work with due diligenc,e or the progress on any particular item or items is slow or he has failed to execute the work in accordance with the terms and conditions of the contract, or is persistently or flagrantly neglecting to carry out his obligations under this contract, then it shall be lawful for the Employer to terminate the contract forthwith under written notice and to proceed with the balance of the work through any other agencies. During the course of execution of the job in case the Contractor has done any sub-standard work he shall be asked in writing to dismantle or re-do the same at his own expense. If the Contractor fails to comply with the above instruction, or does not goes slow in the execution of the work, the Employer shall have the right to execute the work or any item or items thereof through another agency or agencies, including its own department, at the cost and risk of the Contractor.

CONTRACTOR SHALL BE LIABLE FOR ANY EXTRA EXPENSES INCURRED:

Extra cost and expenses incurred for completing the work or balance work or carrying out the rectification of any work as mentioned above by the Employer through another agency or agencies including its own department, shall be debited to the Contractor's account and shall be recovered from any money due or that may become due to the Contractor without prejudice to any other remedy that may be available to the Employer in law.

ALTERATIONS, ADDITIONS AND OMISSIONS:

VARIATIONS:

The Architect shall be entitled to make any variation of the quality or quantity of the works or any part thereof that may, in his opinion, be necessary and for that purpose, or if for any other reason it shall, in his opinion be desirable, he shall have power to order the Contractor to do and the Contractor shall do any of the following:-

- a. Increase or decrease the quantity of any work included in the contract.
- b. Omit any such work or item or items of work.

c. Execute additional work of any kind necessary for the completion of the works and no such variation shall in any way initiate or invalidate the contract but the value, if any, of all such variations shall be taken into account in ascertaining the amount of the contract price.

ORDER FOR VARIATIONS TO BE IN WRITING:

No such variation shall be made by the Contractor without an order in writing of the Architect. Provided that no order in writing shall be required for increase or decrease in the quantity of any item of work where such increase or decrease is the result of the actual quantities exceeding or being less than those stated in the bill of quantities, which are based on estimates. In such cases, the Contractor shall be paid only for the actual quantity of work done as certified by the Architect at the accepted unit item rates and no other compensation shall be allowed. Provided also that if for any reason the Architect shall consider it desirable to give any such order orally, the Contractor shall comply with such oral order given by the Architect, which shall be deemed to be an order in writing within the meaning of this clause.

EXTRA ITEM :

If the Contractor has been asked to execute any such item / work in course of construction for which the tender rates have not been quoted by him, he must undertake such work. The rates for such additional work shall be determined by the Employer on the following lines, in the order of preference:

1. The rates to be derived from any one of the quoted rates for similar items of work in the tender.
2. Rates based on actual observation and/or analysis of labour and materials involved in such items. For this purpose the Contractor shall submit to the Architect detailed analysis of the rate proposed by the Contractor supported by relevant vouchers. While fixing rates for extra items an allowance of 15% of the cost will be provided towards Contractor's overheads, profits and establishments taken together. The decision of the Architect will be final and binding.

REBATE / EXTRA OVER ORIGINAL ITEM.

If there is a deviation which is approved or observed by the Architect in the specification of a particular item of the tender, rebate/extra over the quoted rate shall be generally derived as follows:

For items not covered in the schedule, rebate/extra shall be derived based on observation / analysis of labour and materials involved in such items.

For items of an ad-hoc nature, the Contractor shall send to the Architect an account, giving full and detailed particulars with proper analysis of all claims for any additional expenses to which the Contractor considers himself entitled, and of all extra items of work ordered by the Architect, which he has executed, within one month of execution of such work, and no claim for payment for any such work will be considered which has not been included in such particulars. Provided

always that the Architect shall be entitled to authorise payment to be made for any such work notwithstanding the Contractor's failure to comply with this conditions if the Contractor has, at the earliest practicable opportunity notified the Atchitect in writing, that he intends to make a claim for such work.

MEASUREMENTS : QUANTITIES :

The quantities set out in the bill of quantities are the estimated quantities of the work. They are not to be taken as the actual quantities of the works, to be executed by the Contractor in fulfillment of his obligation under the contract.

WORK TO BE MEASURED :

The Architect shall, except as otherwise stated, ascertain and determine by measurement the value in terms of the contract. He shall when requiring any part of the works to be measured, give notice to the Contractor's authorised agent or representative, who shall forthwith attend or send a qualified agent to assist the Architect or his representative in making such measurement, and shall furnish all particulars required them. Should the Contractor not attend or neglect or omit to send such agent, then the measurement made by the Architect or approved by him, shall be taken to be the correct measurement of the work. For the purpose of measuring such permanent work as is to be measured by record and drawing, the Architect's representative shall prepare records and drawings month by month and the Contractor as and when called upon to do so in writing, shall within fourteen days, attend to examine and agree such records and drawings with the Architect's representative and shall sign the same when so agreed. If after examination of such records and drawings, the Contractor does not agree to the same or does not sign the same as agreed, they shall nevertheless be taken to be correct, unless the Contractor shall, within fourteen days of such examination, lodge with the Architect's representative for decision by the Architect, notice in writing of the respects in which such records and drawings are claimed by him to be incorrect.

METHOD OF MEASUREMENT :

The works shall be measured net in accordance to IS:1200 (all parts) notwithstanding any general or local custom, except where otherwise specifically described or prescribed in the contract.

PROVISIONAL SUMS :

"Provisional sum" means a sum included in the contract and so designed in the bill of quantities for execution of works or the supply of goods, materials or services, or for contingencies, which sum may be used, in whole or in part or not at all, as the Architect shall approve or determine.

The Contractor shall when requested by the Architect, produce all quotations, invoices, vouchers, and accounts or receipts in connection with expenditure in respect of provisional sums.

SETTLEMENT OF DISPUTE :

MATTER TO BE SETTLED BY EMPLOYER ;

All disputes and differences of any kind whatsoever arising out of or in connections with the contract, whether during the progress of the works or after their completion shall be referred by the Contractor to the Architect and the Architect shall within a reasonable time after their presentation make and notify decision thereon in writing.

The decisions, directions, clarifications, measurements, drawing and certificates in respect of any of these or other special conditions to be given and made by the Architect on behalf of the Employer and matters which are referred to hereinafter as accepted matters, shall be final and binding upon the Contractor and shall not be set aside on account of non-observance of any formality and omission, delay or error in proceeding in or about the same or on any other ground or for any reason and shall be without Appeal.

ARBITRATION :

Except where otherwise provided in the contract all questions and disputes relating to the meaning of the specifications, design, drawings, and instructions herein before mentioned and as to quality of workmanship and materials used on the work or as to any other question, claim or right, matter or anything whatsoever, in any way arising out of or relating to the contract, design drawings, specifications, estimations, instructions, orders or the conditions otherwise concerning the works, or the execution or failure to execute the same whether arising during the progress of the work or after the completion or abandonment thereof, shall be referred to the sole arbitration of the person appointed by the Owner, and there will be no objection to any such appointment that he has to deal with the matters to which the contract relates and that in the course of his duties as Owner's representative, he has expressed views on all or any of the matters in dispute or differences. If the Arbitrator, to whom the matter is originally referred, is being transferred or is vacating his office or is unable to carry out arbitration, he shall appoint another person to act as Arbitrator in accordance with the terms of this contract. Such person shall be entitled to proceed with the reference from the stage at which it has left the previous Arbitrator and if for any reason, this is not possible, the matter is not be referred to Arbitration at all. In all cases where a total amount exceeds Rs.5000/- (Rupees five thousand only) the Arbitration shall give reasons for the award. Subject to what is stated in the foregoing, the provisions of the Arbitration & Conciliation Act, 1996, as amended till date, shall apply to the arbitration proceedings under this clause.

It is also a term of the contract that the party invoking arbitration shall specify the dispute to be referred to arbitration under the clause together with the amount claimed in respect of each such dispute.

It is also a part of the terms of this contract that if the Contractor does not make any demand for arbitration in respect of any claim(s) in writing within 90 days of receiving the intimation from the Owner that the bill is ready for payment, the Claims of the Contractor will be deemed to have been absolutely barred and the Owner shall be discharged and released of all liabilities in respect of these claims.

The Contractor shall not, except with the consent in writing of the Architect, in any way delay the carrying out of the work by reason to arbitration but shall proceed with the work with all due diligence and shall, until the decision of the arbitration is given, abide by the decision of the Architect's instruction with regards to the actual carrying out of the work except as specifically affected by such award.

NOTICES :

SERVICE OF NOTICE ON CONTRACTOR :

All certificates, notice or written order to be given by the Employer or by the Architect to the contractor under the terms of the contract shall be served by sending by Registered post or delivering the same to the Contractor's place of business or such other address as the Contractor shall nominate for this purpose.
